

Satyam Chourey

LEAD SOFTWARE ENGINEER

Resume Highlight

As a seasoned Software Engineer with extensive experience in Shopify, frontend, and full-stack development, I've led teams to deliver high-quality web applications and optimized complex systems for peak performance. My expertise spans UI technologies, Ruby on Rails, and NetSuite customization, with a track record of successfully managing projects across various domains. Notably, I hold an H1B Visa valid until 2026, ready to bring my innovative solutions and exceptional skills to new challenges!

Employment History

Lead Software Engineer, Aretove Technologies Pvt. Ltd., Pune

SEPTEMBER 2019 – PRESENT

Shopify Development as a Fresher (2019 - 2020)

- Created Shopify templates and integrated third-party applications like Heap Analytics, Dynamic Yield, Pingdom, and Tealium
- Became technically proficient in UI technologies including HTML5, CSS3, JavaScript, Bootstrap, ReactJS, NextJS, and Shopify CMS
- Gained knowledge in version control systems (GIT, GitHub), Photoshop, unit testing, end-to-end testing, OOP concepts, Apache Server, PHP, XAMP, WAMP, and Google Maps
- Implemented responsive designs for mobile and tablet devices using Bootstrap 3/4
- Became proficient with tools/IDEs like Visual Studio Code, Sublime, Notepad++, Adobe Photoshop, and Apache Server Hosting

Frontend Development as a Software Engineer (2020 - 2022)

- Conducted code reviews, performed unit testing, and ensured adherence to best practices
- Managed version control and continuous integration processes
- Collaborated with cross-functional teams to deliver projects on time and within budget
- Exposed to technologies and languages like HTTP, JSON, AJAX, and build tools (GulpJS, GruntJS, WebPack)
- Gained experience in API integration, continuous integration and continuous development, user requirement analysis, and product delivery and support

Fullstack Development as a Senior Software Engineer (2022 - 2023)

- Led a team of developers to deliver high-quality web applications
- Oversaw the entire software development lifecycle, from requirement analysis to deployment
- Became well-versed in project lifecycle management frameworks and tools such as Agile, the Waterfall model, SDLC, JIRA, DevOps, and Scrum
- Developed web applications using the Ruby on Rails framework
- Set up PostgreSQL databases for token management and user accessibility

NetSuite Consultant & Developer Lead Software Engineer (2023 - Present)

- Lead the NetSuite development and consulting efforts
- Work closely with clients to implement, customize, and optimize their NetSuite solutions

Netsuite Developer

- Design and develop NetSuite scripts and workflows
- Manage data migrations
- Provide ongoing support and training to ensure clients maximize their use of the NetSuite platform
- Integrate NetSuite with other systems
- Automate business processes
- Improve system performance and efficiency

Additional Experience

- Certified Associate and Professional Dell Boomi Integration developer to support internal projects
- Greatly optimized a Ruby on Rails project with efficiency improvements of up to 80%
- Upgraded projects to enhance web security, successfully passing client-conducted penetration tests with flying colors
- Implemented best practices for code quality, performance optimization, and security measures
- Worked across various domains such as E-Commerce, Health, NGOs, IT, and Media
- Enhanced project performance and scalability through code refactoring and optimization techniques

Freelance WordPress developer, Biogetica, Pune

FEBRUARY 2019 – JULY 2019

- I conducted requirement analysis and created UI and content based on provided wireframes.
- I integrated the UI with WordPress and managed content.
- I utilized technologies including WordPress, HTML5, CSS3, jQuery, JavaScript, WordPress Plugins, FileZilla, Linux Hosting, Domain Configurations, XAMPP/WAMP, and Google Maps.
- I handled database integration with WordPress and fixed bugs.

Education

B.Tech (Electronics) , Bharti Vidhyapeeth Deemed University, Pune

JULY 2014 – JULY 2019

In College, I was Curriculum Head & Founding Member of Leo Education Program: I have lead a team of approx 50 volunteers towards a common vision to work for the underprivileged kids under Leo Education Program

Higher Secondary , Gyan Sagar Academy, Dewas

JULY 2013 – APRIL 2014

In high school, I consistently held leadership roles, serving as House Captain for two consecutive years during higher secondary. Remarkably, I was the first student in the school's history to be awarded the Vice-Captain Badge in the 8th grade.

Internships

Web Developer, Fausto Events, Pune

JUNE 2017 – AUGUST 2017

- Built Responsive Static Website for the Firm Using HTML , Bootstrap and JavaScript.
- Managed Website Hosting and Go Live.

Committed to delivering innovative and impactful solutions.
